

Warranty Information

The following Justrite products are covered by a Limited Warranty against defects in materials and workmanship for a period of ten (10) years from date of purchase:

- Sure-Grip® EX Safety Cabinets

The warranty is limited to the replacement of products. Warranty does not apply to any products that have been subject to any misuse, including but not limited to products used with materials (primarily liquids) that are not recommended by the manufacturer in instructions furnished with the product or in published product descriptions; products that have been altered in any way by the user or used in a manner inconsistent with their intended use; products which have been subjected to severe treatment (undue pressure against movable parts, exposure to severe weather, dropping, etc.) not reasonably associated with “ordinary” usage.

There are no other warranties, expressed or implied, including but not limited to, any implied warranties of merchantability or fitness for a particular purpose. In no event shall Justrite be liable for any loss of profits or any indirect or consequential damages arising out of any such defect in material or workmanship.

Justrite and Chemical Compatibility

Because of the complex nature of chemicals, Justrite cannot offer specific recommendations on chemical compatibility. Your chemical supplier, MSDS/SDS Sheets, or other expert sources should be consulted.

It is the end user’s sole responsibility to determine the nature of the materials to be contained and to select the proper product suitable for a particular application. Furthermore, it is the end user’s responsibility to ensure that the product selected is suitable for its intended use.

Justrite makes no warranty, expressed or implied of merchantability or fitness for purpose, and assumes no liability in connection with any product made or sold by Justrite with regard to its use or chemical compatibility.
