TruCLEAN™ 2
Compact Flat Mopping System
Simplify standard operating procedures

30-2(R,W,B)
*Compact Flat
Mopping System*

Applications

- Small area cleaning and disinfecting of facilities with limited storage space
- Isolate contaminants from cleaning and disinfecting agents
- Compatible with TruCLEAN Sponge mops and TruCLEAN Microfiber mops

Description

TruCLEAN 2's unique bucket-in-bucket concept features our new 36-Liter bucket, redesigned to increase stability and improve function. Perfex 36-Liter buckets have embossed graduations for accurate measure with high temperature resistant 3" casters, one locking. TruCLEAN stainless steel wringer mounts firmly to waste containment bucket, capturing soiled contaminants. Stainless steel mop frame and adjustable polymer handle included.

Features

- Unique bucket-in-bucket concept
- Autoclavable at 121° C for 30 minutes
- Durable stainless steel wringer
- Color coded to reduce cross-contamination

Benefits

- Ergonomic design with non-slip grip to reduce worker fatigue
- Compact design for easy storage in confined areas
- Impervious to most chemicals, will not rust, corrode or oxidize.
- Unique wringing action significantly improves release of soiled contaminants
