

## TECHNICAL DATA SHEET

Part#: 2A-SA-MP

---

### Tweezers - Straight Tapered Flat Point - Anti-Mag. SS - Mirror Polished Tips

The 2A-SA-MP four star straight tapered flat pointed tweezer is designed for handling labels or SMD components. The tips have been mirror polished to avoid marring delicate components. The overall length is 4.75" and it is made of anti-magnetic Neverust<sup>®</sup> stainless steel. The tips measure .059" wide by .008" high.

- Precision Level ★★★★★
- Material Anti-Mag. SS (316L)
- Surface Resistivity Conductive
- Shape Straight Tapered
- Group
- Weight (OZ) 4.75" (118.75mm)
- Tip Size (CTM) .059" (1.5mm) x .008" (.2mm)
- Tip Angle Straight
- Tip Length
- Body Width 0.393" (9.83mm)
- Body Height One Leg .06" (1.5mm)
- OAL 4.75" (118.75mm)
- Country of Origin 4.75" (118.75mm)
- UPC 662847015243
- Schedule B 4.75" (118.75mm)
- Harmonization Code 4.75" (118.75mm)
- ECCN 4.75" (118.75mm)
- UNSPSC Code 4.75" (118.75mm)
