

## With a compact footprint and 8 hours of power, you can say “so long” to extension cords

The PowerPack Ultra Portable Power System provides quiet, seamless AC power for 8 hours at a time. This lightweight, compact unit is ideal for powering a laptop and barcode printer. At the end of use, simply plug the unit into a standard wall outlet to recharge. Eliminate the need for hazardous extension cords.

## Outstanding features

- › Compact footprint
- › Highly portable and lightweight
- › Integrated power outlets
- › USB charge port
- › Visual and audible low voltage alert
- › Easy grip side handles
- › Integrated cord reel holder

## Typical applications

- › Non-powered equipment carts in warehouse or retail floor
- › Remote display areas
- › Areas where power is not available such as far corners of the warehouse, loading dock, remote storage areas and much more

# Newcastle PowerPack Ultra Series

## Portable Power System

Visual and audible low voltage alert

Easy grip side handles for true portability
