

NovaSnap™ Mop Head

The NovaSnap™ low-touch flat mop head with a smooth knit polyester cleaning surface uses a simple snap-on and release clip action for improved cleanliness and ergonomics. Use with Micronova's SlimLine plastic adapter, 360-swivel mop adapter cleaning system.

The multi surface mop is well suited for equipment and glass walls as well on room surfaces. The mop evenly coats surfaces with disinfectants when needed but is equally appropriate for damp mopping.

Align plate under clips

Push and Snap mop adapter in place

- Absorbent and efficient – for all controlled environments
- Simple three step attachment – align, push and clip
- Lightweight and easy to maneuver
- Smooth polyester cleaning surface with urethane foam interior
