

ENTOMOLOGY STORAGE CABINET

Dehumidifying Specimen Storage System

Long term moisture absorption will cause precious specimen collections to fade, deteriorate, infested by pests and develop mold.

High temperature and humidity levels is the hotbed for fungus and mold, which will release enzymes breaking down organic matters. Pests also thrives to lay eggs allowing larvae to feed. Moisture also breaks down copper and brass pins. Moisture and sun exposure will cause additional damage.

Many specimen collectors has faced the above, causing irreversible harm. Let your cherished insect collection have a good home and avoid misfortunes.

High Precision Analog Thermal Hygrometer

Provides standalone humidity level monitoring from drying unit.

High Quality Air Tight Anti Rust Cabinet

Precision manufactured without use of any sealant.

Dehumidifier Unit Special Features

Just plug-in the device.

No water tanks to drain, no pipelines, no consumables. Automatic dehumidification with user controllable ranges of 25~55% RH.

Ambient temperature operation.

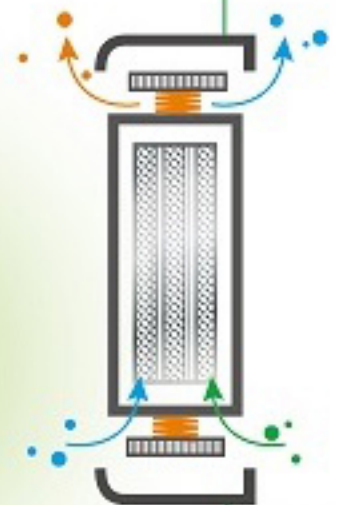

Stable performances in high or low ambient temperatures. No condensation problems from temperature change, no Δ effects or pressure variations.

Durable quality.

With over 20 years experience, backed by millions of users worldwide.

Energy saving.

Moisture adsorption continues even during power outage.

Inside of the box

Outside of the box

Millions of users worldwide relies on Eureka's Auto Dry Boxes to protect their investments from MOISTURE DAMAGE. Eureka's advanced batch type technology is the success in providing protection for: photography equipment, collection & jewelry, historical relics, digital storage (LTO), food & medication, precision instruments & accessories, firearms & weapons, and all types of moisture-sensitive materials/devices need in R&D/QA/manufacturing plants.

BE-301B

Hold up to **10** Specimen Trays
W60 x H109 x D55 cm

BE-701W

Hold up to **18** Specimen Trays
W60 x H193 x D66 cm

BE-2001W

Hold up to **36** Specimen Trays
W120 x H193 x D66 cm

Cabinet is designed to fit Cornell Drawer / Trays
19 x 16.5 x 3 in.
48.25 x 41.9 x 7.62 cm.
Other Drawer / Tray sizes are available upon request.

(Trays not included.)
