

#### Description

Printed ESD tape is a 2 mil transparent cellulose with fast charge decay times. These tapes come with a "Anti-Static" logo.

#### Product Applications

- Sealing ESD packing containers.
- Binding, edging, and securing.

#### Product Features

- Transparent cellulose film printed with ESD logo
- Rubber adhesive base

#### Nominal Values

The following data are nominal values based on PSTC, ASTM and other standard tests. The data should not be considered as specifications:

- **Total Thickness:** 2 mil
- **Adhesion to Steel:** 30 oz./in.
- **Temperature:** 66°C
- **Tensile Strength:** 25 lbs./in.
- **Elongation:** 18%
- **Static Generation:** <250V @ 50% RH
