

PHT-771 Digital Psychrometer

The Prostat PHT-771 Digital Psychrometer is a highly accurate, battery operated temperature and humidity indicating instrument. Its large LCD displays both temperature and humidity measurements simultaneously.

The PHT-771 provides several operational features such as "Data Hold", and selection of °F or °C. Two AAA batteries are supplied that provide up to 80 hours of operation.

It offers that same performance as models costing 2-3 times as much.
