

MicroCare®

**Stencil, Squeegee & Misprint Cleaner
ScreenClean™
Presaturated Wipes**

- Engineered for removing inks
- ESD-safe, residue-free
- Plastic-safe
- Excellent replacement for methylene, chloride, acetone & other ink removing solvents
- No rip. No lint. Heavy duty wipe.
- Unique “slam-shut” package for extra long service life

Product Information

Stencil, Squeegee & Misprint Cleaner - *ScreenClean™* is a cost-effective cleaner for removing thick-film pastes, partially cured epoxies and most inks used in screen printing operations. Using a strong, shred-proof disposable wipe saturated in a powerful cleaning fluid, it quickly breaks down the molecular bonds in inks and pastes for fast and enhanced cleaning. It is safe on all types of screens and plastics and will not damaging fragile emulsions. Its slow drying time allows for a more thorough cleaning. Use for perfectly clean stencil screens and associated machinery, squeegees and work surfaces.

Money-saving refills are available from MicroCare (image to the right). These contain the same wipes and fluid as the tubs, but reduce costs and help protect the environment by encouraging the re-use of packaging.

AVAILABILITY: Stocked locally by MicroCare distributors world-wide. Contact MicroCare for a distributor near you. For more information contact MicroCare directly or visit www.MicroCare.com.
