

Omega 7 Magnifier

U25130

The new Omega 7 Magnifier is a modern, ergonomically designed magnifying lamp. It has a large 7" diameter, 3 diopter (1.75X), lightweight acrylic lens and high power LEDs with 2 brightness levels for clear viewing. The internal spring arm allows accurate positioning. An optional 5" diameter, 5 diopter (2.25X) lens and a 12 diopter (4.0X) swing arm lens is available separately.

Magnification

Large 7" 3D (1.75X) lightweight lens which can be quickly changed without the need for tools.

Dimmable Bright Light

60 premium daylight LEDs with 2 brightness levels. LED technology has allowed the new generation of professional magnifying lamps to be ergonomically designed with a slimmer head.

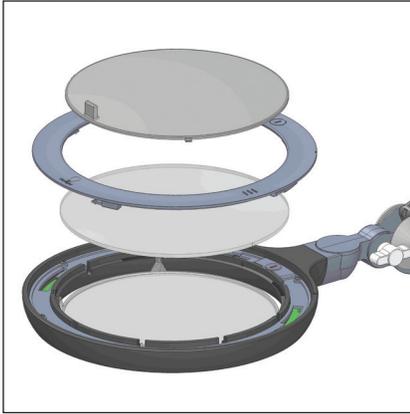

High Quality Materials

Reinforced internal spring arm and head joint with wing nut for tightening. Head and joint produced from engineered plastics.
